Royal Touch

INNOVATIVE WASHROOM SOLUTIONS

PRODUCT CATALOGUE

Royal Touch Paper Products is a company at the cutting edge of product development in the Janitorial and Washroom supplies market.

As a company that listens to our customers, we are able to maintain market responsiveness and develop key innovative products that dramatically minimise paper waste. Our range of dispensing systems and accompanying paper products ensure the perfect solution for all washroom needs.

Our holistic approach to washroom solutions ensures that innovation, sustainability, performance and aesthetics are at the forefront of our products and services.

*The unique range of **Royal Touch** products and dispensers are engineered to reduce costs, minimise wastage and mess, while eliminating cross contamination.*

*The **Royal Touch** range of janitorial and washroom systems contain solutions for all sorts of businesses – from hospital to universities, industrial factories to commercial office buildings and food processing plants to cafés.*

Regardless of the industry, Royal Touch has the perfect 'away from home' solution.

COMPANY
PROFILE

Royal Touch Paper Products Pty Ltd
is an Australian based, privately owned manufacturer of
innovative washroom solutions and accompanying products
with over 25 years' expertise in the
Australian Away-From-Home (AFH) sector.

Based out of Sydney with joint ventures placed strategically globally,
Royal Touch takes the time to understand the challenges facing
washrooms in any given sector and engineer products that cater
to these specific requirements.

This foundation coupled with a stringent understanding
of non-disclosure partnerships has allowed ***Royal Touch*** to grow rapidly
as a successful boutique manufacturer for a range
of private label companies.

As a partner to a host of private label companies,
Royal Touch fully understands the importance and trust
associated with working with another company's brand.

As such ***Royal Touch*** has a built-in machine contingency plan
which guarantees consistency in product, performance
and delivery on time and in full.

ENVIRONMENTAL SUSTAINABILITY

At ***Royal Touch***, we understand our responsibility as manufacturers to develop processes and practices with a focus on sustainability and minimizing our impact on the planets limited natural resources. Essentially our environmental approach can be broken down into three key sections that takes us from the genesis of a product to the use of our product by the public.

• Raw Material Certification
• Environmental Management System ISO 14001
• Innovative Hygiene Solutions

Raw Material Certification:
All our raw materials are purchased from certified sources and comply with all relevant regional, national and international laws and regulations for sustainable regenerative forestry, grown for purpose. As a manufacturer, we are able to manage the production process from beginning to end and verify that our raw material originates from forestry that focuses on the conservation of all native flora & fauna.

Environmental Management System - ISO14001:
As a company, we are ISO14001 certified. This means that we have the policy, structure and tools in place to enable us to operate on a day-to-day basis as environmentally responsible as possible. This framework influences everything from ensuring the most energy efficient light bulbs are used in our warehouse, to offering our clients the option to return empty cartons to guarantee they are recycled.

Innovative Hygiene Solutions:
By developing high performance products and accompanying them with innovative dispensing systems, we are able to greatly reduce waste to landfill thus creating a sustainable framework for the future:

• High Performance Products:
As a company, we are uncompromising in the quality of our goods. This ensures that less paper is required to complete any given task, thus minimizing your ecological footprint.

• Innovative Dispensers:
Every sheet or metre someone takes and doesn't fully use has an unnecessary impact on the environment. Our range of dispensers focus on managing consumption and minimizing overuse and allow us to eliminate unnecessary wastage by up to 45%.
When coupling high performance products with innovative dispensers you can rest assured that being environmentally conscious does not mean forfeiting quality and performance.

At ***Royal Touch***, we aim to save the environment, without costing you capital.

Royal Touch

TOILET TISSUE

Washroom facilities have a huge impact on the mood and feel of any space.

Royal Touch provides a range of toilet tissue that cater to every industry, from transient public areas where cost-in-use is paramount to office spaces where the washroom is a direct reflection of the business.

Regardless of the industry, the Royal Touch range of soft and high performance tissue ensures the perfect 'away from home' solution.

HAND TOWELS

The Royal Touch range of hand towels can be simplified into three categories; Folded Towel, Rolled Towel and The JAWS Autocut.

Our range of folded towels are engineered as a best choice for comfort and hygiene. Rolled Towels are best for use where light spill and wiping is required and The Jaws Autocut is designed as the best cost-per-use solution for all environments.

JAWS AUTOCUT
Delivering Compliance, Reliability & Hygiene

The Best Practice Solution for your Peace of Mind

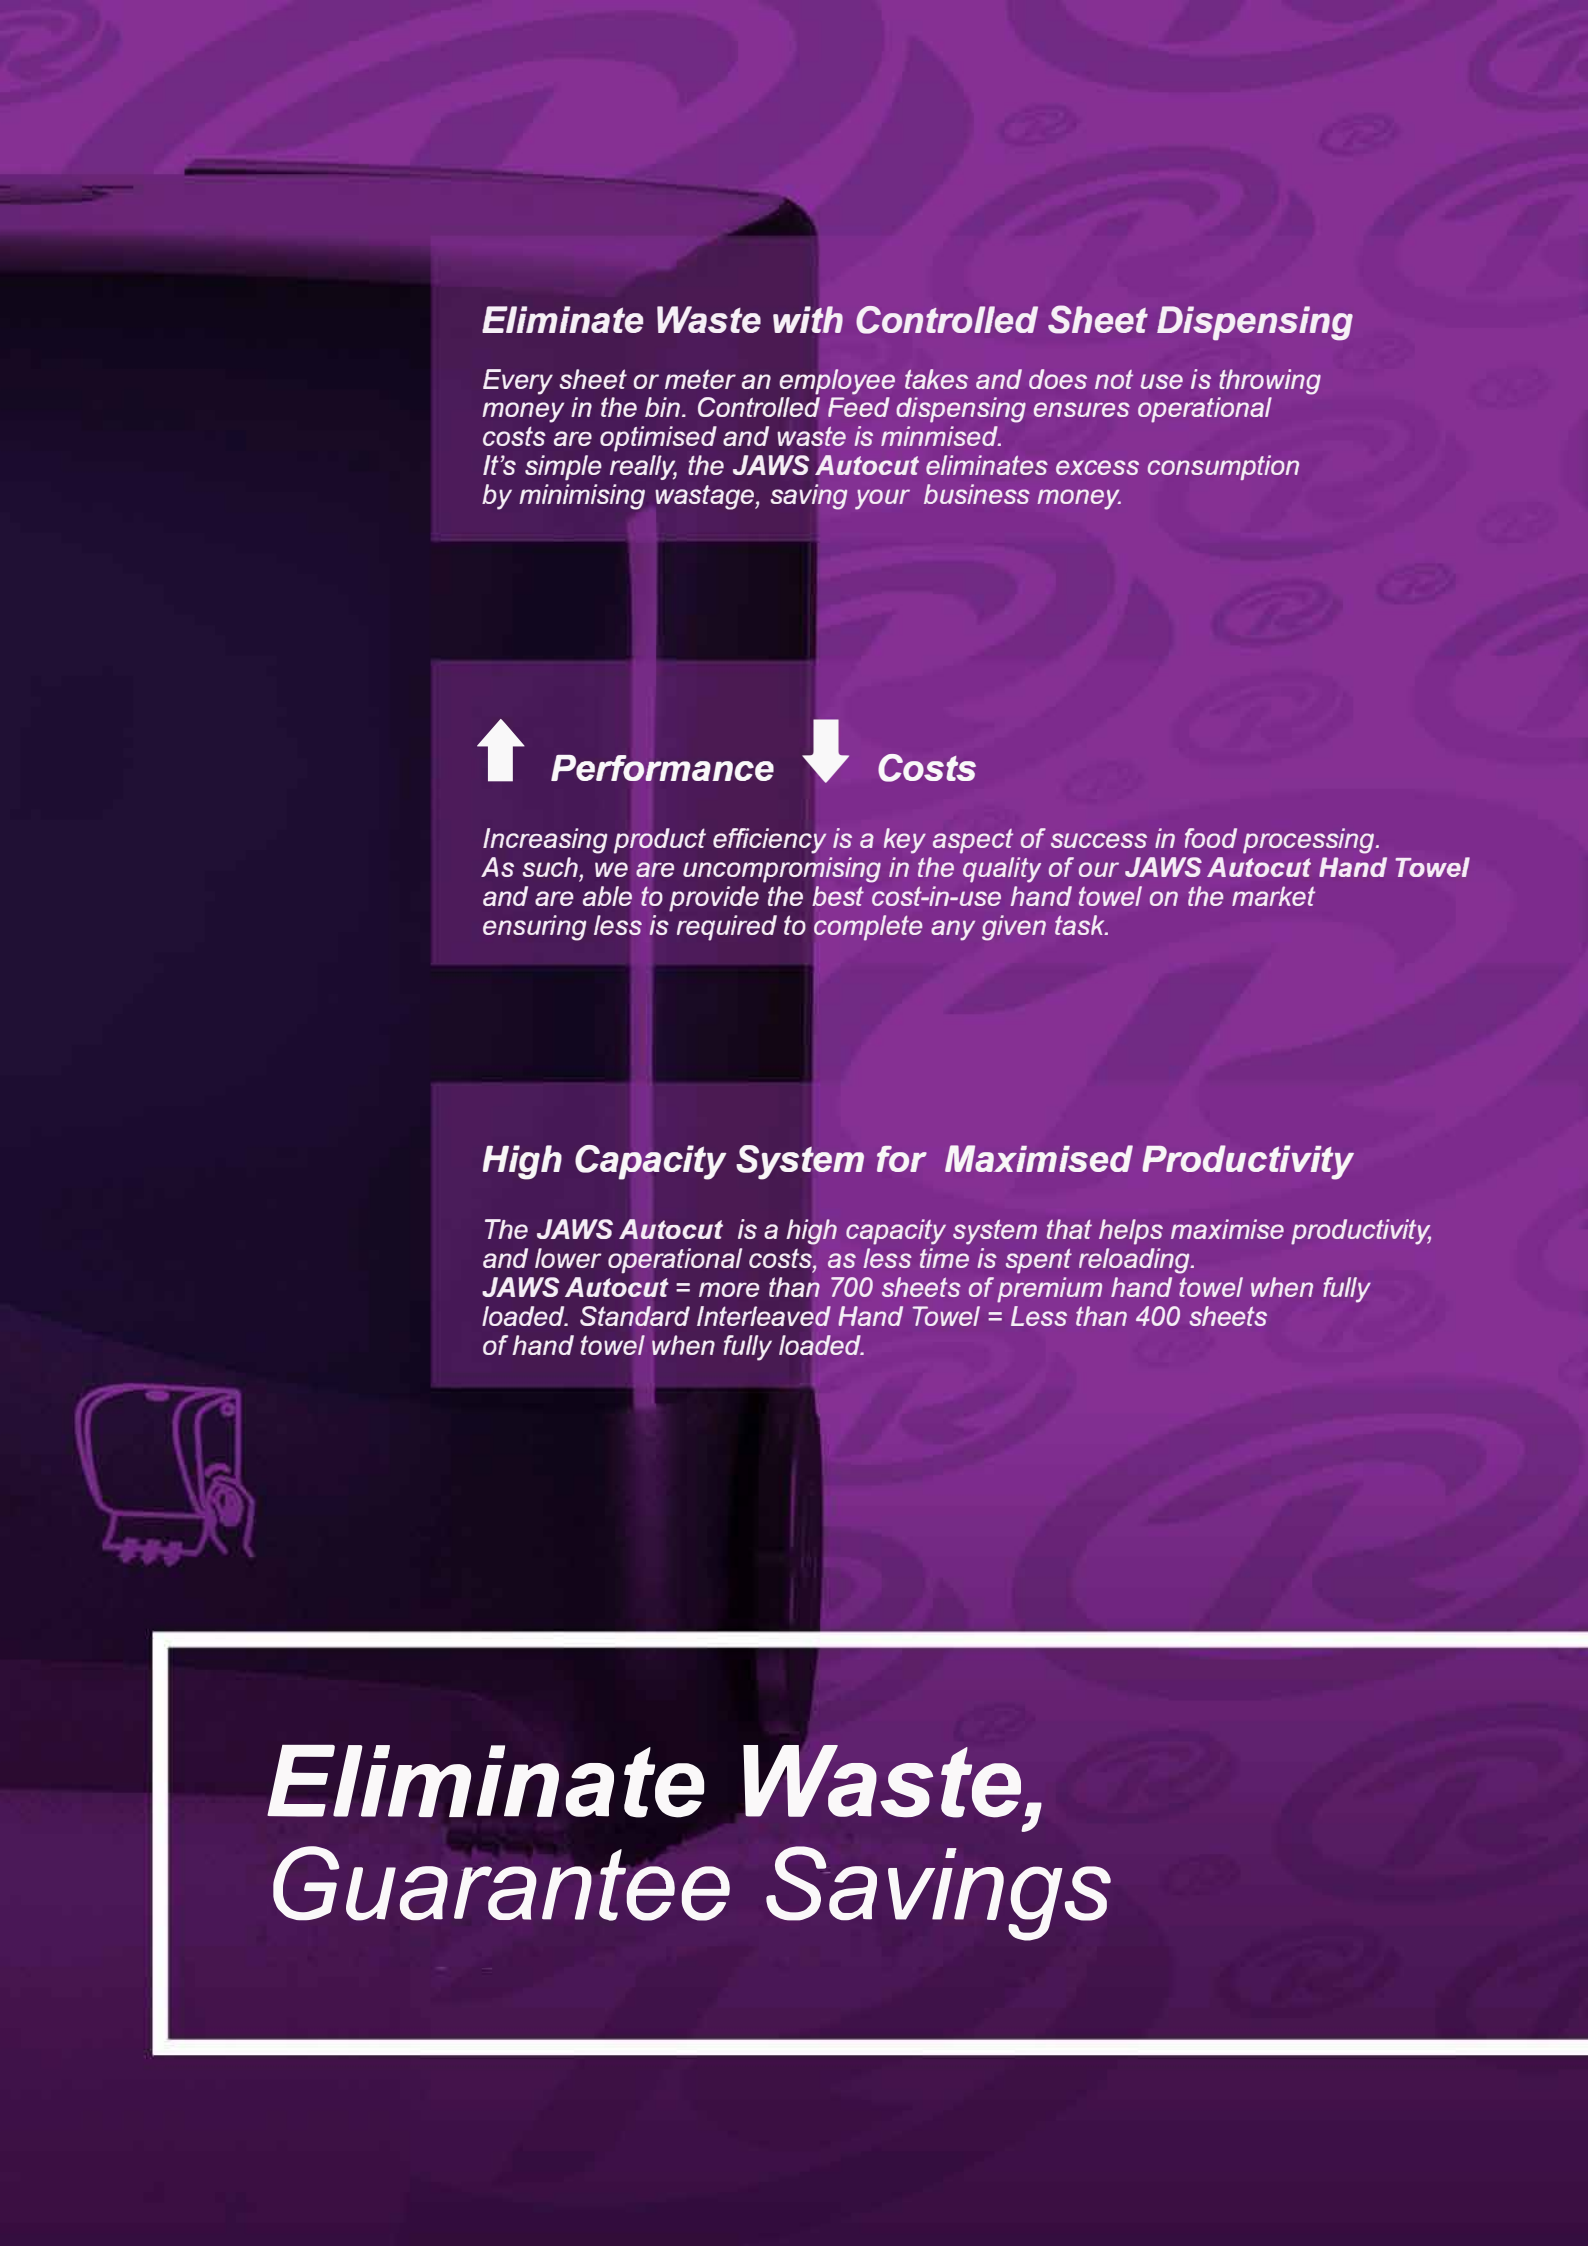
When it comes to the food industry, hygiene compliance is paramount.
*At **Royal Touch** we've developed a HACCP certified solution*
***The JAWS Autocut System**.*
Manufactured under stringent ISO9001 QA and HACCP conditions
and designed to meet Food Authority guidelines,
our system helps guarantee hygiene compliance.

Reduce the Risk of Cross Contamination

*The J**AWS Autocut** is a fully enclosed dispensing system,*
that dispensers single flat sheets.
This guarantees, that the sheet you touch is the sheet you use,
and any potential hazard is avoided

One Product for Multiple Functions

An all-in-one solution for your washroom and cleaning needs.
*The robust design of the **JAWS Autocut** hand towel dries hands, cleans*
cooking surfaces and bench tops and can even absorb cooking oils!
Streamline your ordering system with one product.
Save on SKU's Save on Space and Save on Waste.



Eliminate Waste with Controlled Sheet Dispensing

Every sheet or meter an employee takes and does not use is throwing money in the bin. Controlled Feed dispensing ensures operational costs are optimised and waste is minmised.
It's simple really, the ***JAWS Autocut*** *eliminates excess consumption by minimising wastage, saving your business money.*

Performance ***Costs***

Increasing product efficiency is a key aspect of success in food processing. As such, we are uncompromising in the quality of our ***JAWS Autocut Hand Towel*** *and are able to provide the best cost-in-use hand towel on the market ensuring less is required to complete any given task.*

High Capacity System for Maximised Productivity

The ***JAWS Autocut*** *is a high capacity system that helps maximise productivity, and lower operational costs, as less time is spent reloading.*
JAWS Autocut *= more than 700 sheets of premium hand towel when fully loaded. Standard Interleaved Hand Towel = Less than 400 sheets of hand towel when fully loaded.*

Eliminate Waste, *Guarantee Savings*

PEARL RANGE OF DISPENSERS

High quality and efficient in use, the Pearl range of dispensers are engineered to fit the form and functionality of any washroom

From hospitals to universities,industrial factories to commercial office buildings and food processing plants to cafés. The Pearl Range of ABS dispensers are perfectly adapted to the Royal Touch range of paper and effectively lift the aesthetic of both private and public facilities.
