Delivering Compliance, Reliability & Hygiene

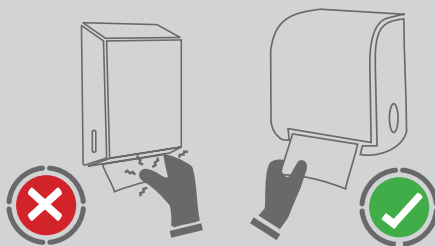

The Best Practice Solution for your Peace of Mind

When it comes to the food industry, hygiene compliance is paramount. At **Royal Touch** we've developed a HACCP certified solution - The **JAWS Autocut System**. Manufactured under stringent ISO9001 QA and HACCP conditions and designed to meet Food Authority guidelines, our system helps guarantee hygiene compliance.

Reduce the Risk of Cross Contamination

The **JAWS Autocut** is a fully enclosed dispensing system, that dispenses single flat sheets. This guarantees, that the sheet you touch is the sheet you use, and any potential hazard is avoided.

One Product for Multiple Functions

An all-in-one solution for your washroom and cleaning needs. The robust design of the **JAWS Autocut hand towel** dries hands, cleans cooking surfaces and bench tops and can even absorb cooking oils! Streamline your ordering system with one product. Save on SKU's Save on Space and Save on Waste.

Blue is the Colour – International Best Practice

Internationally, blue hand towel is recognised as "Best Practice" in the food industry as it is instantly recognisable amidst food products. Safeguard your workplace against contamination and damaging customer complaints by utilising the **JAWS Autocut**.

Committed to Local Manufacturing

For over 15 years we have been manufacturing in Australia, and we continually strive to maintain this commitment.

Manufacturing in Australia means that we are able to monitor the production process from beginning to end, ensuring that our customers are supplied with the high performance products their businesses demand.

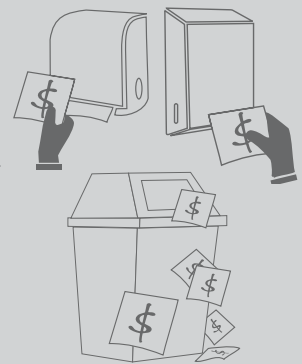

Eliminate Waste - Guarantee Savings

Eliminate Waste with Controlled Sheet Dispensing

Every sheet or meter an employee takes and does not use is throwing money in the bin. Controlled Feed dispensing ensures operational costs are optimised and waste is minimised.

It's simple really ... the **JAWS Autocut** eliminates excess consumption by minimising wastage, saving your business money.

↑ Performance ↓ Costs

Increasing product efficiency is a key aspect of success in food processing. As such, we are uncompromising in the quality of our **JAWS Autocut Hand Towel** and are able to provide the best cost-in-use hand towel on the market ensuring less is required to complete any given task.

High Capacity System for Maximised Productivity

The **JAWS Autocut** is a high capacity system that helps maximise productivity, and lower operational costs, as less time is spent reloading.

JAWS Autocut = more than 700 sheets of premium hand towel when fully loaded.

Standard Interleaved Hand Towel = Less than 400 sheets of hand towel when fully loaded.

The Facts

Fact: **JAWS Autocut** will reduce your hand towel costs by a minimum of 30%.

Fact: **JAWS Autocut** will improve performance and optimise productivity.

Fact: **JAWS Autocut** is the best practice solution for all food processing environments.
